

The Wisconsin 'no call' list has not only greatly improved my life, by allowing me to get my required sleep (I am a 10 hr shift night worker) during the day but also has kept my 84 yr old arthritic mother from having to answer these annoying calls. However, during the presidential campaign I found I was only able to get a couple of hours sleep a day due to the number of political calls coming in to my home. I hugely resented the intrusion into my sleep-time & many nights, went to work extremely tired with little, if any, sleep. This is not healthy. PLEASE do NOT change our laws! Do NOT allow unsolicited phone calls to intrude into my life, or the life of my 84 yr old mother, again!! I won't buy the product or services they are selling & will boycott the company. Also, we are both registered voters & we do exercise our right to vote. DO NOT CHANGE the NO CALL LIST laws!!
